

Metal Detector

資正金屬檢出機

感謝德國 **MERCK** 國際大藥廠，採用資正多台測藥錠金檢機，因良好的靈敏度表現符合高標準 Merck 大藥廠，尤其滿意 Fe 達 0.25mm，為其它品牌所沒有。

Thanks to **GERMAN MERCK** International Pharmaceutical Company for using multiple sets of Compunic Metal Detector in testing their pharmaceutical products. Considering the excellence and quality of Compunic MD, Merck Private Ltd. and various pharmaceutical industries uses Compunic MD as it provides excellent sensitivity performance particularly FE that achieves up to 0.25mm which exceeds customer's requirement that other brands could not
